Revd Mr Dobbs

Dear Sir

25-

Your Letter to me of March 30 came to hand the same day I would now express my thanks to ye for the above Letter I agree with ye that the object therein recommended to me is a very worthy one. Had not a collection been taken up recently in this Place in behalf of the Jamaica & Jerusalem & Mendi Missions I would like to have taken up a collection making thorough work of it for this. Under these circumstances I have thought it better only to call upon a few. which few have been called upon this day the result together with what I have thought it a privilege to contribute is 55 Dollars. I now inclose and remit to ye a Check on one of the Boston Banks to the above amount. for the object presented unto me in the above Letter of Mar 30. I would like to fill this sheet with matter of some importance but time will not admit. I humbly hope the Lord will accept this mite and make it the means of much good I am your friend Shadrach Sholes
